HAMMERMILL
LEDGER

GOOD paper in an account book is just as important as good binding. For it is upon the pages that you work in making your records.

You have always been sure of the excellence and serviceability of National Bound Books. You now have double assurance of good quality through the use of Hammermill Ledger.

This well-known Hammermill paper has been selected for National books and sheets because it is of uniform quality, and thoroughly dependable.

Each sheet bears the Hammermill watermark. Look for it when you buy these books and sheets.
